ABNER HORD

Died at His Old Home in the County
Tuesday Night—One of the Most
Prominent Citizens of This
Section.

Mr. Abner Hord died at his old home in the county shortly before midnight Tuesday from a paralytic stroke, which he suffered on June 2.

Mr. Hord was one of the most prominent men in this section of the county. He was born in the county, January 31, 1845, and lived all of his life at his birthplace and in Maysville. COMMENCEMENT EXERCISES

Thursday at 8 p. m. the regular graduating exercises of the Maysville High School will be held in the auditorium. This year's class of thirty-seven is by far the largest class that has ever been graduated from the school. The class has done itself proud in the presentation of Silas Marner, the Senior Class play. It was also largely instrumental in getting out the first Annual.

The first honors go to William Soward, second, Henry Shea, both of them carrying with them a free scholarship to some one of the leading colleges. The list of graduates who made Honor Roll distinction, that is whose average grades for the year are above 90% are: James January, Rebecca Hechinger, Mabel Crowell, Lemuel Brookings, Mary P. Maltby, Lucie Smith, Mary D. Poyntz, Martha Lovell, Addie Hord Arnold and Henry Shea, Jr.

This year owing to the expenses of the commencement being so great, the price of admission will be 25c. Those desiring reserved seats may get them at Williams' Drug Store, without any additional expense.

OFFICERS ELECTED BY INDEPENDENT-CENTRAL WAREHOUSE COMPANY

The stockholders of the Independent-Central Warehouse Co. met Tuesday and elected the officers of the company for the ensuing year. The officers elected were as follows:
President—Walter Mathews.
Vice-President—E. L. Manchester.

They expect to give all the farmers a square deal as they have done in the past and hope for a bigger and better season than ever before.

GETS STIFF FINE

In Squire Bauer's Court Tuesday afternoon Hunter Cooper was fined \$100 and ten days in jail for bootlegging. Cooper was the man who supplied the whiskey for the crap game which resulted in the shooting of Green Meadows near the L. & N. Roundhouse Sunday afternoon. It was brought out in the testimony of the case that Cooper had also sold whiskey to several men downtown. Being unable to pay his fine he will work it out on the county roads.

RUNS THEM OUT OF TOWN

Late Tuesday night Chief of Police Mackey rounded up two men and a woman who had been acting rather peculiar. This morning he gave them notice that they would have to leave town at once. They left on the fast train for Portsmouth. The Chief is determined that suspicious characters have no business here and he will chase them out as soon as possible.

ANOTHER CASE

An umbrella is a very hard thing to find when once lost. But this is not always so. Mrs. C. P. Dieterich of the East End several days ago lost an umbrella which she prized very highly. After looking for it for several days she put a "lost ad" in the Ledger. Result—Mrs. Dieterich's umbrella was returned at once. Moral—It pays to advertise in the Ledger.

The Sunday School Class of Mrs. J. C. Burwell of the First M. E. Church, South, held a picnic in Beechwood Park Tuesday afternoon. All enjoyed themselves to the fullest extent.

Here is an opportunity for the MAYSVILLE BUSINESS PEOPLE, and everybody is urged to be present and hear from these Cincinnati Gentlemen direct how much they have been benefited through their organization.

TONIGHT 7:30 COUNCIL CHAMBER.

For some time the Democratic press has been parading figures regarding shortage of freight cars as an evidence of prosperity. While it is also true that the amount of traffic is not accurately indicated by the car shortage. Scarcity of freight cars is due not so much to the quantity of freight to be moved as to the number of loaded cars that are standing idle on the tracks. The Interstate Commerce Commission has formally recognized the nature of the difficulty, and, in order to relieve the situation, doubled the demurrage charge—the amount per day a shipper must pay for holding a freight car after the expiration of the 48 hours of free detention. Even that has not induced the rapid loading and unloading, and now the New Haven railroad is before the Commission with a request for permission to impose a charge of \$9 a day after the fourth day the demurrage is chargeable. Formerly, the charge was \$1 per day after the first 48 hours, and the Commission increased this to \$2 after the fourth day. If this \$9 charge shall be imposed, it will impress upon the minds of the shippers the fact that cars are just as idle when they stand on the tracks full as when they stand empty. The moving car is the only car that is really busy.

Conservative business men are not fooling themselves as to the cause of present business activity. Here is a recent statement by Hayden, Stone & Company, of Boston: "That huge profits are piling up is undeniable. We feel that the temporary character of many of these profits should again be emphasized. We believe it a good rule to follow, to examine more closely the records of companies previous to the war and to eschew the securities of those companies organized under these abnormal conditions. It will be the companies that were doing a good business before the war who will do a good business after the war."

The tent work and open air preaching of the New York City Evangelistic Committee have come to be very effective. Last season 2,477 meetings were conducted in 118 centers and in eight languages. A vast multitude of people were reached with the Gospel message, many of whom would doubtless have never heard it otherwise.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. S. Neal, 497 W. Second St., Maysville, says: "One of my family had a great deal of trouble from a lame back and weak kidneys. Doan's Kidney Pills made the patient better."

WIDE RANGE

Of American History Touched in "The Birth of a Nation" Which Comes To the Washington Theater Friday and Saturday.

D. W. Griffith's mighty spectacle "The Birth of a Nation" begins its engagement at the Washington Opera House Friday night. There will be two performances Saturday at 8:15 and 2:15 p. m.

Nothing like this wonderful attraction has ever been seen upon the local boards. It is given here exactly as it is being presented in New York City where the big drama has broken every record in the stage history of the first city in the country. In addition the piece has piled up record engagements in Chicago, Boston, San Francisco and Los Angeles.

It covers a wide range of American history and touches only the highest points of interest in the great events that led up to and terminated the Civil War. The force that slavery played in producing this crisis is traced from its inception to its abolition. While the basic theme is historical in its foundation its intent is the fundamental one of true drama. The forces which make for these results have been marshalled upon a larger scale than was ever dreamed of before. Where directors of vast spectacles have dealt with hundreds in the past, Griffith employs thousands. 18,000 people fill his stage which has a vast territory for its background. 3,000 horses pass before your view in wild dashes over miles of country roadway. The decisive battles of the Civil War are reproduced in faithful detail and you see these conflicts fought again just as they were waged 50 years ago. Cities were built up only to be destroyed to lend force and verity to the dramatic narrative. One enormous battlefield is shown stretching over an area of 10 square miles and upon these plains and thence 10,000 soldiers clash in a mimic warfare that is as real as if you were an eyewitness of the actual occurrence. Holding the great effects in tether is a story as tender and true as love and romance can be pictured. There are tears and smiles, noble sacrifices and heroic deeds of personal valor. Youthful dreams of love's fruition are rent asunder by the demons of war; homesites snap before the call to arms and suffering such as cannot be imagined is depicted in the crude manner that history is made when men surrender reason to passion and engage in a deadlock of armed resistance.

You see the war start after being shown the causes which precipitated it. You see the great Generals of the contending sections playing their desperate games of human pawns moved into the field of slaughter. Then comes the agreement for peace and Lincoln sets about his superhuman task of healing the wounds by the application of that great love which made him the towering figure of his age. A fanatic's bullet stills the heart which beat so evenly for all humanity. The South is thrown back into a worse fate than war. Their lands are overrun by a hungry horde of vengeful politicians and grafters. The poor negro is cajoled into a false understanding of liberty and in his ignorance is led into excesses by these scalawags of fortune. Out of it comes the ghostly garbed crusaders of a terrible area to once more set things aright and return the lands and liberties of peace to their rightful owners and over the land's miserere sounds the chorus of brotherly love in an allegorical dream which visions the re-union of the divided sections and the welding of that national spirit which has made this nation so great after its baptism in its own blood.

A wonderful score of operatic reaches accompanies the narrative. It is all done upon a most stupendous scale. No detail has been overlooked. The drama is outlined and told in the most graphic form that has yet been devised by the brain of man for such a purpose. No wonder this work is epoch-making. It has set up new standards which it will be difficult to equal for many a year to come.

RECRUITING OFFICERS ON WHEELS

Washington, D. C., June 13 — To reach virgin recruiting fields off railroad lines, the United States Marine Corps has put in operation three combination freight and passenger automobiles fitted up as virtual rolling recruiting offices to strike into interior sections where the "soldiers of the sea" are but little known and the opportunities their service offers to enlisted men, less understood.

These recruiting offices on wheels will first operate from San Francisco, Atlanta, and Boston, but if the experiments made are successful, the idea may be extended to other sections of the country.

The ranks of the Marine Corps have been kept to overflowing for more than three years, but as Congress is expected to increase the strength by three thousand men, the automobile innovation has been worked out in line with the Corps' brilliant reputation for preparedness in all things.

HARD HITTING

Featured Game at Frankfort in Which Maysville Lost By Score of 14 to 5.

Frankfort, Ky., June 13—The Old Taylors won from Maysville today by the score of 14 to 5 in a game which was absolutely featureless and full of bad playing. Frankfort got seventeen hits off of McGraynor and J. Jones, four of them being allowed by McGraynor, who was taken out in the last of the third and succeeded by Manager Jones. After three men were out in the sixth inning L. Jones, of the local team, knocked a home run, bringing in four scores. None of the players seemed to realize that there were three outs, but after the discovery was made the four runs were not counted. If they had been it is probable that Maysville would have contested the game.

Monroe for the locals, was hit hard, sixteen hits being secured off his delivery. Score:
